

**Mid-America Regulatory
Conference (MARC)**
Save the Date
August 6-9, 2023 - Grand Rapids, MI

The Mid-America Regulatory Conference (MARC) Annual Meeting is confirmed!! Due to a conflict beyond our control, we have changed the date to **August 6-9, 2023**. The event will still take place at the JW Marriott in downtown Grand Rapids, and if anything, August is an even better month to visit Michigan! We're excited to welcome you to Grand Rapids next summer, so **MARC your calendars for this event that has been years in the making.**

The Conference promises to be the best attended and most interesting gathering of Midwest utility regulators ever. Your state's regulators will be there and so should you! The 2023 conference offers you the opportunity to hear and take part in the discussion of the ever-changing issues facing the industry with regulators and leaders from the 14 states across the Mid-America region.

In addition to riveting panels and keynote speakers with a unique perspective on the energy arena, you will be able to join tours that showcase the marvel of Michigan. The event is being promoted as **family-friendly with daily activities**. Plan your summer vacation around the conference with the **Explore Michigan and Explore Grand Rapids flyers** found on the [website](#).

Registration information and additional programming and lodging details will be released in 2023 at marc-conference.org and via e-mail. In the meantime, **follow us on Twitter @MARCRegulatory for news and updates about the Conference.**

If you have any questions about the Conference or interest in sponsoring or volunteering at the event, please contact MARC 2023 Conference Staff at marcannualmeeting@gmail.com.

We look forward to seeing you!

Chair Dan Scripps, MARC President/Michigan Commission Chair
Amy Rittenhouse, MARC 2023 Event Coordinator
